Spice 'n' Easy are producers of chutneys, relishes and pickles, dressings, marinades, curry pastes and sauces. The products are made from locally

sourced ingredients at every opportunity including Romsey Pumpkin, Landford apples, pears and chillies, beetroot and carrots from Vegibox in Lymington.

The logo for Spice 'n' Easy features the brand name in a green, rounded, sans-serif font. The text is centered on a solid orange rectangular background.

The business has recently acquired new premises which has presented an opportunity to install new energy efficient equipment including electric induction hobs. These hobs have proved ideal for the products Spice 'n' Easy produce as the temperature and cooking times can be carefully set and monitored throughout the cooking process. Cooking times and wasted heat energy have been reduced which in turn has increased productivity allowing for greater volumes at lower cost to be produced throughout the year.

A weekly delivery route has been designed allowing all customers in the same area to be visited on a regular basis without the need for multiple visits. Deliveries are also combined with another local producer who deliver to Fullers pubs for both businesses

All rubbish is recycled and wherever possible, food waste is composted. An arrangement with a local pig farmer has been established to collect kitchen scraps for his herd.

The business has recently been awarded three stars for its Christmas Mincemeat with Whiskey and Ginger in the 2012 Great Taste Awards.
