Burley Fudge provide a wide range of loose fudge, gift box sets, wedding favours and corporate gifts from their base in the centre of Burley village.

The business was a major driver in helping to secure Burley’s status as Brand New Forest Village of the Year for 2014 and throughout the past 12 months, Chris has been heavily involved in ensuring that the village makes the most of this opportunity.

When Burley was announced as Village of the Year in late 2013, Burley Fudge were a major part of helping to ensure that the Small Business Saturday event which took place in December was a success. Through the effort put into this event, the Brand New Forest Campaign achieved widespread publicity including a feature on the local television news.

Later on in the year, Chris also helped to organise the first Great Burley Picnic. This encouraged people, both locals and visitors, to visit Burley for the day and spend money with local retail businesses and producers who had stands at the event.

Chris has put in considerable time and effort working for the wider benefit of local businesses in the Burley area. He has been a valuable contributor to the Brand New Forest Campaign including volunteering to stand and sell cards at local Brand New Forest events. Burley Fudge were early adopters of the Card Scheme and continue to promote this strongly within their premises.
